

Update – June 1, 2020

Good Morning Library Friends - Upon the announcement of new positive COVID-19 cases at Fort Leonard Wood, and following discussion with the local health center, the Library will delay our reopening a little while longer. While the building remains closed, we are still offering Curbside Pickup, Virtual Storytime and Virtual German Class, Grab 'n Go Craft bags, and we can build book bundles containing books and activities for children. We apologize for the late announcement, and appreciate your patience as we make decisions with the safety of our staff and patrons at the forefront.

If you have questions or concerns, please email our Director, Emily Slama, at emily@pulaskilibraries.org.
